CLASS PUBLIC WORKS, LANDS YEAR 1902 MONTH

Having learned that the Dept. intends to have certain dredging done in the vicinity of Channel Wharf, requests that a piece of ground 100 ft. square just beyond the sea wall and south of the coal pile of Hackfeld & Co., on the Naval Reservation, be filled on which to erect a stable and shed for the sheltering of the transportation belonging to the U. S. Army.

CLASS PUBLIC WORKS, LANDS

YEAR 1902 MONTH

Jan. 23rd.

Capt. Geo. McK. Williamson acknowledging receipt of communication of Jan. 22nd, 1902, in reference to filling in of land on which to erect stable etc., finds on referring to his letter of Jan. 18th., that an error, "100 yards square" which is the land needed, was made to read "100 feet square."
