PRESIDENT'S SECY. TO GOVERNOR.

Enclosing a letter from the Secretary of Commerce & Labor wherein he states the above was unknown to any Immigration Inspector in Boston and that he had graduated and left the previous year. The Governor's complaint was without foundation as far as his department was concerned.

GOVERNOR TO PRESIDENT. 1905 November 25

Has telegrams and letters from Afong while a student at Harvard stating the immigration officials had given him a certain to furnish credentials. His letter of Sept. 15 was not intended as a complaint but as a statement of incidents. Thinks all should be treated alike.
